What does a life-size stainless steel elephant sculpture and group of local college students have in common? In 2014-2015, both were supported by funds of the Community Foundation for the Ohio Valley!

The brand new elephant, named “Bobo” is a sculpture created for one of Downtown Wheeling’s urban green spaces. The project was a part of Reinvent Wheeling’s Design Committee, led by local community activist, Susan Hogan. Funding for the elephant was provided by a generous donation to the Reinvent Wheeling Fund of CFOV by Flip and Gary West. Local metal artist, Jeff Forster, created the elephant and several other animals for Wheeling’s Heritage Park Sculpture Garden at the corner of 11th and Main Streets. It has become a popular place for selfies (or “elphies”) for those who enjoy social media.

The young people on the cover in front of Bobo are members of the 2015 Civic Leaders Fellowship Program. These local college students were provided paid internships within their field of study through the program, which is funded by the Claude Worthington Benedum Foundation with additional support provided by the Schenk Foundation and the Mary Ann Hess Fund of CFOV.

We decided to put Bobo and the Civic Leaders Fellowship students on the cover of our annual report because the diversity of these two projects perfectly illustrates just two examples of ways people can give back to their community through a community foundation. The Wests chose to support local community art and downtown revitalization. The Benedum Foundation, Schenk Foundation, and Mary Ann Hess Fund’s advisors recognize the need to retain our region’s young people through the Civic Leaders Fellowship Program.

What can you fund through the community foundation? If it involves improving the Upper Ohio Valley through philanthropy, just about anything. It is much easier than you probably think. Let us show you how.

Robert M. Robinson

Opening a fund at the Community Foundation for the Ohio Valley is simple and can be done in just one day. Funds can be established at CFOV through gifts of cash, publicly traded securities, or more complex property such as restricted stock, closely held securities or real estate. Donations will either fund endowed or non-endowed funds within CFOV.

What is the difference between endowed and non-endowed funds? We're glad you asked!

Endowed funds are funds that are meant to last forever. To make that happen, endowed funds are invested and only spend either a small percentage or just the income earned every year for charitable purposes. Non-endowed funds may be completely spent down for charitable purposes. Non-endowed funds may make more grants annually, but they are not intended to stand the test of time. Endowed funds will make more grants for the life of the fund, benefitting the donor’s charitable intent forever.

CONSIDERING A FUND AT THE COMMUNITY FOUNDATION?

WHAT TYPE OF FUND IS RIGHT FOR YOU?

DONOR ADVISED FUNDS (DAF) are probably the most popular type of fund at any community foundation and provide for the most flexibility for the donor. A DAF is a fund in which the donor, or a committee designated by the donor, may recommend to CFOV grants to eligible charitable recipients. Such funds are designed to encourage the participation and involvement of a wide range of living donors in the philanthropic interests and activities of CFOV. The minimum amount to open a Donor Advised Fund is $10,000 for non-endowed, $25,000 for endowed.

SCHOLARSHIP FUNDS are a great way to support local students wishing to pursue higher education. With the cost of college tuition these days, a Scholarship Fund can go a long way to assist an individual attain their degree. The gift of education that a scholarship bestows benefits not just the student, but the community as well. Because of the legal stipulations in place regarding scholarship funds, administration can be complex. The Community Foundation staff is educated on the most current laws regarding the administration of scholarship funds. We would welcome the opportunity to talk about how scholarship funds work and how you can provide the gift of education to local students. The minimum amount to open a Scholarship Fund is $25,000.

DONOR DESIGNATED FUNDS identify and support one or more specific nonprofit organizations in perpetuity. Donor Designated Funds provide an annual grant to these organizations. For many donors, this is an ideal way to provide ongoing support for organizations that they have supported over the years. Oftentimes Donor Designated Funds are established as a part of someone’s estate plan, but there is no reason why a Donor Designated Fund cannot be established during a donor’s lifetime. The minimum amount to open a Donor Designated Fund is $10,000.

FIELD OF INTEREST FUNDS provide grantmaking in a particular area such as human services, affordable housing, public education, the arts, or animal welfare. The Board of Trustees of the Community Foundation annually determines the best use of Field of Interest Funds based on the donors’ selected field of interest and defined geographic area.

AGENCY ENDOWMENT FUNDS are permanent funds established by a charity that designates itself as the beneficiary. Agency endowments help ensure the continuity of programs, and can provide resources to meet emergencies and occasional financial deficits. Agency endowments free the charitable organization from administrative burdens of managing endowed assets, by turning over responsibility for asset investment and administration to the community foundation staff more skilled in these areas. The minimum amount to open an Agency Endowment is $25,000.

UNRESTRICTED FUNDS provide grants that meet the changing needs of the region. Unrestricted funds allow the Community Foundation to annually make grants through a competitive application process through our Community Impact Fund. An unrestricted gift to the Community Impact Fund can be of any size and is welcome at any time. A named Unrestricted Fund minimum is $10,000.
2015 CIVIC LEADERS FELLOWSHIP PROGRAM

Through continued partnership with the Parkersburg Area Community Foundation and continued support of the Claude Worthington Benedum Foundation, the Schenk Foundation and the Mary Ann Hess fund, the third Civic Leaders Fellowship Program was held in 2015. One of the goals of this program are to expose local youth to opportunities of employment in the Ohio Valley in an effort to retain them for the Ohio Valley’s workforce in the future.

The 2015 Civic Leaders Fellowship Program placed seventeen local college students with paid internships at businesses in Ohio and Marshall Counties in WV and Belmont County, Ohio. The program is structured into three categories consisting of first year students, second year students and third year students which reflect how many years they have participated in the program. Each student intern worked at host sites in their field of interest Monday through Thursday for six weeks. Every Friday throughout the six weeks was reserved for special programming regarding student enrichment, and community involvement. Our 14 first year students spent their time on Fridays learning about the Ohio Valley, economic development, arts and culture, county and state governance, and also heard from several speakers in the topics of personal and professional development. The second year students spent their Fridays learning about nonprofits in our area and visited several of them to learn more about their mission and work. They concluded their program with a grant proposal to our advisory committee and ultimately awarded two worthy organizations with mini-grants. Finally, the third year student spent his time working on his networking skills and creating contacts in his field of interest.

Placement locations for Civic Leaders students in 2015 included generous businesses and organizations willing to host and mentor these local college students. These included Kalkreuth Roofing & Sheet Metal, Oglebay Institute, Hays Landscape Architecture Studio, Elmhurst, Wheeling National Heritage Area Corporation, Ziegenfelder’s, Touchstone Research Laboratory, Youth Services System, Main Street Bank, the Gabriel Project, the Ohio County Health Department, King’s Daughters Child Care Center, Easter Seals Rehabilitation Center, Belomar, U.S. Bankruptcy Court, the Wheeling Convention & Visitors Bureau, and Orrick.
The Community Foundation for the Ohio Valley hosted the 2nd annual Amazing Raise Ohio Valley on May 5, 2015. During this 24-hour, online giving event, every donation made on www.giveov.org benefitted local nonprofit organizations throughout the Ohio Valley.

The Amazing Raise Ohio Valley was born out of Give Local America, an initiative created by the Council on Foundations to commemorate the 100th anniversary of the establishment of the first community foundation. Over 100 community foundations participated. In 24-hours, 375,000 gifts from all across the globe brought in $68,500,000 for nonprofit communities in nearly every region of the country.

Locally, 98 nonprofits participated in 2015. In just one day, over $426,000 in donations and prizes were received. A minimum donation of only $10 enabled a majority of the public to give to several of their favorite causes.

“The Amazing Raise represents the best in our community. Thousands of individuals answered the call to help the many nonprofit organizations who provide essential services to our community. It is one of the compelling things about living in the Ohio Valley. Everyone wins when our entire community comes together to help one another,” said Staci Stephen, Director of Development at Augusta Levy Learning Center, one of the many nonprofit organizations who have raised significant funds through the Amazing Raise.

According to Giving USA, which tracks charitable giving in the United States, online giving grew 10.2 percent per year over the past two years, making it the fastest growing platform in philanthropy. The Amazing Raise Ohio Valley is an initiative to increase philanthropy in the Ohio Valley, while building capacity for online fundraising and marketing for our region’s nonprofits.

A huge thanks to our sponsors and our local media partners for making this event such a success for our communities. We invite you to click and give once again on May 3 for Amazing Raise 2016. Every donation matters!
In Fiscal Year 2015, the Community Foundation for the Ohio Valley merged with the Weirton Area Community Foundation (WACF), expanding CFOV’s service area into Hancock County. CFOV is committed to carry on the philanthropic work that was started by the board of WACF.

One of the major projects of the Weirton Area Community Foundation is the annual Independence Day performance by the Wheeling Symphony. The free concert, complete with fireworks courtesy of the City of Weirton, is expected to continue for years to come with the generous support from the Weirton area residents and businesses. The Top of West Virginia Convention and Visitors Bureau coordinates the concert each year.

Oil and Gas companies working in the region have discovered the ease of giving back in the communities in which they are extracting resources through the Community Foundation. Over the past several years, various companies have partnered with CFOV for strategic grantmaking.

In many cases, executives in the oil and gas industry are from other parts of the country, unfamiliar with the local needs of the community. They do, however, want to find the best way to support worthy causes in the region. A common solution is a partnership with the community foundation to perfectly exemplify the concept of giving through the community foundation.

In Marshall County, Chevron is active in natural resource extraction. They use their partnership with the community foundation to conduct a competitive grant program specifically for their funding priorities in Marshall County. CFOV staff works to publicize the program and vet any applications that come in throughout the process. Grant awards are made based on the decisions of Chevron executives. Chevron’s commitment to Marshall County through the grant program exhibits their generosity towards the community in which they work. Examples of grants made by Chevron include:

- $10,000 to Salvation Army Moundsville for emergency assistance program
- $10,000 to Marshall County EMA for a new mobile communication command center
- $8,000 to Wheeling Jesuit University for 2nd grade students Micronauts program
- $6,700 to Sherrard Middle School for STEM/ART project
- $2,500 to Cameron Police Department for lifesaving equipment for police vehicles
- $9,000 to WVNCC for early entrance scholarships for students in technical programs
- $10,000 to American Heart Association for CPR training in grades 6-12
- $10,000 to Cameron Elementary School to implement a student leadership program
- $10,000 to Wheeling Health Right to provide services to Marshall County residents
- $5000 to Limestone VFD for commercial washer and dryer for gear
- $4,400 to Youth Services System for a summer STEM project

“Statoil strives to create lasting value in the communities where we live and work, so it was logical that we would partner with CFOV and be able to tap into their local expertise and knowledge. Susie and her team have provided tremendous value to our efforts to identify, prioritize and provide financial support to initiatives that we believe are meaningful and beneficial to the residents of Tyler and Wetzel counties.”

~ Doug Bannerman
Leader Sustainable Social Performance - Statoil

“Through our partnership with the Community Foundation for the Ohio Valley, the Rice Energy team has developed meaningful relationships with organizations that fulfill our goal of improving the quality of life for local families while cultivating opportunities for increased public safety. As an active participant in the Smith-Goshen Rice Enrichment Fund, we have witnessed firsthand the unparalleled value this network of funds presents for our region’s social and economic future.”

~ Kimberly Price
Manager of External Communications - Rice Energy

“Chevron is committed to supporting organizations, programs and events in the communities where we live and work, so our partnership with the CFOV was a natural fit. The creation of the Chevron fund has enabled us to support valuable community organizations focused specifically on Marshall County, W.V., by leveraging the foundation’s local expertise. We are proud to support these organizations through our donation of more than $250,000 to CFOV and our ongoing partnership, which will help create lasting prosperity in Marshall County.”

~ Lee Ann Wainwright
Policy, Government, and Public Affairs - Chevron
In similar fashion, Statoil partners with the community foundation to give back to projects and organizations in Wetzel and Tyler counties. Statoil has provided funding for community projects to enhance the region in which they operate. Examples of grants made by Statoil include:

- $5,000 to Wheeling Health Right to increase services to patients in Wetzel County
- $5,000 to Hundred Volunteer Fire Department for “Jaws of Life”
- $2,300 to Wetzel County Hospital for surgical department equipment
- $1,500 to CASA for Children for services to children
- $4,950 to West Virginia Northern Community College for reduced tuition program
- $2,000 to YWCA for Judy’s Place improvements
- $1,250 to Hundred High School for STEM education
- $500 to Salvation Army for emergency assistance program
- $2,500 to Hundred Area Pride for trail improvements
- $500 to Tyler County Family Resource Network for SADD project
- $5,000 to West Virginia Northern Community College for IP equipment in classrooms
- $2,000 to Town & Country Days for fair support
- $5,000 to Wetzel County Emergency Ambulance Authority towards ambulance expenses

Rice Energy is involved with an innovative way to give back by actually partnering with their landowners in Belmont County with the Smith-Goshen Rice Enrichment Fund of CFOV. When Rice Energy began negotiations with multiple landowners, the landowners worked together to negotiate their leases with Rice Energy. Throughout the process, landowners knew that eventually they wanted to do something philanthropic, but weren’t sure how. By working with the community foundation, Belmont County landowners along with Rice Energy are working to grow an endowment that will benefit their community for years to come.

Examples of some grants given by the Smith-Goshen Rice Enrichment are emergency room renovations at Barnesville Hospital, roof replacement for the Belmont American Legion Post, a power cot and power load system for emergency squad at Village of Belmont Volunteer Fire, food pantry support for Five Loaves Food Ministry, support for a farm-to-school internship program at Olney Friends School, support towards the cost of roof replacement at St. Clairsville Library, and a grant to Tri-County Help Center for a roof project.
**COMPONENT FUNDS**

**OF THE COMMUNITY FOUNDATION**

* Denotes New Funds

### Unrestricted Funds

Donors who contribute to the foundation’s Community Impact Fund or establish their own unrestricted fund enhance the Community Foundation’s annual competitive grant program. These donors can support a broad range of local concerns, including fast-emerging issues and future needs that we can’t yet anticipate. These flexible funds put the responsibility of identifying community needs and researching and selecting worthy charities on the foundation, relieving donors of these challenges.

- Administrative Reserve Fund
- J & J Bottaugh Fund
- Community Impact Fund
- William Homan Fund
- Elizabeth Stifel Kline Fund for the CFOV
- Fredrick G. Weimer Fund

### Community Foundation Initiatives

In our work with donors and charities across the region, we sometimes identify larger issues and opportunities that merit the community’s attention. In these cases we create the appropriate fund to harness the charitable power of many individual donors to help address the issue or opportunity.

- Chevron Community Fund
- Jefferson County Youth Advisory Council Fund
- Marshall County Fund
- Smith-Goshen Rice Enrichment Fund
- Statoil Community Fund*
- Wetzel County Fund*
- Women’s Giving Circle Fund

### Donor Advised Funds

Donor Advised Funds provide a simple, powerful and very personal approach to giving. Donors stay actively involved in suggesting uses for their gifts. Donors can recommend charities to support at any time during the year, or work with Foundation staff to identify which community nonprofits are doing the best work on the issues most important to the donor.

- Hubbard Memorial Fund
- H. Lawrence Jones Fund
- Kalb Family Fund
- John & Aliya Karras Family Fund
- Michael & Betty Karras Memorial Fund
Scholarship Funds
Donors help students achieve their dreams through education by establishing or contributing to a scholarship fund. Community Foundation staff help donors establish guidelines for students to apply for financial assistance through the fund. Scholarship eligibility might be based on a student’s achievement or a demonstration of financial need. Some scholarships focus on community involvement, a commitment to a particular field of study or demonstration of leadership ability. Some donors choose to meet or correspond with students after the selection process is complete.

Field of Interest Funds
Donors who establish a Field of Interest Fund target their gift to address a specific area of need. Whatever areas of interest inspire you to contribute – the arts, access to healthcare, the environment, etc. – the Community Foundation can assist in establishing a fund and recommending strategic gifts to address the causes you care about most.
